FINAL DE LA MISIÓN ... CARGANDO DATOS

En esta Misión se desarrolló la competencia pragmática a partir de textos con espacios en blanco que exigían la selección de la palabra adecuada. El recorrido incluyó el repaso de tiempos verbales simples, el uso de conectores y preposiciones, así como la identificación de expresiones fijas que garantizan coherencia. La práctica avanzó desde contextos cercanos (narraciones biográficas y culturales) hasta fragmentos de mayor densidad léxica y temática, similares a artículos de revista. Se fortaleció la capacidad de leer globalmente, interpretar pistas gramaticales y descartar distractores, consolidando el criterio necesario para enfrentar textos de diferente complejidad en la prueba.
