Por ejemplo:

The team trained hard; ___, they were ready for the championship.
Opciones: A. because – B. however – C. therefore – D. although

1. **Pista:** el segundo enunciado es resultado del primero → se necesita un conector de consecuencia.
2. **Revisión:** because ✗ causa, no consecuencia. / however ✗ indica contraste. / therefore ☑ expresa resultado. / although ✗ también es contraste.
3. **Decisión:** therefore

Este caso muestra cómo los conectores no son intercambiables: cada uno cumple una función lógica específica. Reconocer la relación entre ideas —causa, contraste, consecuencia— permite mantener la coherencia del texto y evita caer en distractores que solo parecen correctos de manera superficial.

Language Tools

Conectores de contraste *(however, although, but)*	Permiten oponer ideas y marcar giros en el discurso.	Se usan cuando dos frases expresan significados contrarios.	*She studied hard; however, she failed the test.*
Conectores de causa y consecuencia *(because, so, therefore)*	Explican relaciones lógicas entre un hecho y su resultado.	*Because* introduce causa, so y *therefore* introducen consecuencia.	*He stayed home because it rained. / It rained, so he stayed home.*
Cohesive devices *(in addition, as a result, for example)*	Aportan fluidez, añadiendo información o ejemplificando.	Se colocan al inicio o en medio de la oración para guiar al lector.	*In addition, the project reduced costs.*

Los conectores son piezas gramaticales que no se pueden sustituir al azar: cada uno define la relación lógica entre las ideas. En Parte 7, su función es garantizar que el texto no solo sea correcto en la forma, sino también coherente en el sentido. Reconocer qué conector corresponde según el contexto es tan esencial como conjugar un verbo, porque de ello depende la claridad y la cohesión del discurso.

Con este repaso final, tu preparación queda completa y lista para el siguiente nivel. Ha llegado el momento de demostrarlo: inicia la Prueba de Campo, donde enfrentarás preguntas tipo Saber 11. Aplica lo aprendido con seguridad y determinación. ¡Mucho éxito en esta misión!

FINAL DE LA MISIÓN ... CARGANDO DATOS

En esta Misión trabajaste con textos más amplios, donde la gramática y el vocabulario se ponen a prueba al mismo tiempo. Aprendiste que no basta con reconocer términos aislados; el éxito radica en analizar los tiempos verbales, las combinaciones naturales (collocations) y las pistas que dotan de coherencia al discurso. Ese ejercicio de observar con cuidado y decidir entre opciones cercanas te prepara para enfrentar con confianza los textos más exigentes de la prueba. Lo aprendido aquí será clave para lo que viene, pues cada Misión abre un camino hacia un uso más preciso y profundo del inglés.
